Christmas on the Avenue

On Friday 6th December 2013 employees of ANSA Merchant Bank and ANSA McAL's Head Office dressed up for a night on the town at the Aria Lounge on Ariapita Avenue. Shuttles took guests from their offices on the Tatil Compound to the venue where they were greeted with complimentary Santa hats, which were given with the guideline that they had to be worn during the festivities. Some persons were game; others not so much, but our Group Chairman and Chief Executive Mr. A. Norman Sabga set the right example by donning the headwear in true Christmas spirit. Employees appreciated the swankiness of Aria and the venue lived up to the hype. Long standing employees were honoured for their years of service at the event after which guests partied well into the night with DJ Aswad and Lerbz, from the Group's own SLAM 100.5fm.

Christmas with the Guardian Family

On Thursday 12th December 2013 our colleagues from Guardian Media Limited took a break from playing our favourite music, broadcasting our favourite shows and bringing us the news (Wow! They do a lot!) to celebrate the season. The GML family headed to the Lions Cultural Centre in Woodbrook for an evening filled with music, awards, eats and drinks. The top performers from all three divisions of Guardian Media: print, TV and radio were celebrated with special awards. Those who were not up for a performance award had the chance to walk away with one of many door prizes and special prizes, such as 'Best Dressed Male & Female' and 'Mr. & Miss Congeniality'. Join us in congratulating Guardian Media's 2013 Top Performers and to the GML planning committee: we know that our invite probably got lost in the mail or something, but next time just let us know the date, time and location and we will be there!

'Christmas in New York' with ABS

On the night of Friday 13th December 2013 the staff of ABEL Building Solutions was transported to the Big Apple for a memorable Christmas affair. Now before you start calling your MD to complain that you never got to go to New York let me explain...the team of ABS celebrated Christmas with a New York themed event. The Andre Kamperveen Hall at the Centre of Excellence was decorated to showcase New York hotspots such as Madison Square Garden, Radio City Music Hall and 5th Avenue.

The hosting duties were handled by the Group's own Sunny Bling from SLAM 100.5FM. Mr.Bling was accompanied by DJ Situation and Sekon Sta, who are also from the SLAM family. One special attraction that guests could not get enough of was the option to have their photos taken and printed on the spot.

The real star of the night, other than the ABS employees themselves, was the food! The menu included ham, turkey and pork slices, chicken legs, buffalo wings, kebabs, meatballs, sliders, shark and bake...and the list goes on, and we haven't even mentioned the desserts, that included a scrumptious chocolate fountain, need I say more!

'Let's Celebrate' with ANSA Coatings Ltd.

ANSA Coatings Ltd. closed off their year with a celebration at their compound in Arima. The paint posse gathered one more time to lime for the season....and boy oh boy did they do it up right! The menu included lots of 'cutters' like hot wings, pastelles, roti, shark and bake and geera chicken, the bar was nothing short of premium and the entertainment was top notch. Employees partied the night away to the sounds of DJ Rapid Response. The first guest artiste to take the stage was none other than the Viking of Soca Mr. Ian Alvarez aka Bunji Garlin. Bunji performed a medley of his hits through the years and had the crowd on their feet, and their toes, through it all. The next artiste to take the stage can't really be called a 'guest' since he is ANSA Coatings' own Hayden Peters aka Therapy. (For Carnival 2K14 keep your eyes and your ears open for Therapy as he takes on the soca industry....we predict big things from him!)

The Glass Angels Spread Their Wings Again

The 'Glass Angels' comprise employees from Carib Glassworks Limited who through their tireless efforts continue to strive to bring joy to the less fortunate in our communities. This time around the 'Angels' headed to the Ezekiel Home for Children in Gran Couva, Central Trinidad. The Home houses thirty children under the care of Mother Margaret, or 'Granny' as she is lovingly called by the kids. 'Granny' and her helpers ensure that the kids have food, clothing and shelter as well as a sound education, but more importantly she has brought them closer to God and given them hope for a brighter tomorrow.

On their visit to the Home the 'Glass Angels' shared a meal with the little residents, distributed presents and some extra goodies for when the kids head back to school.

Hats off to the management and staff of Carib Glassworks Limited for their continued humanitarian efforts! 'Granny' and team welcome donations from well-wishers and we know that there are many other 'angels' in the ANSA McAL Group so we encourage you all to follow in the great example that the CGL has set.

This young man's reaction to the gift that he received from the 'Glass Angels' is priceless!
